N. COASTAL CONSTRUCTION CONTROL LINE

The Real Property which is the subject of this Contract is or may be located either partially or totally seaward of the Coastal Construction Control Line ("CCCL"), as defined in Section 161.053 F.S. The Property being purchased may be subject to coastal erosion and to federal, state, or local regulations that govern coastal property, including the delineation of the coastal construction control line, rigid coastal protection structures, beach nourishment, and the protection of marine turtles. Additional information can be obtained from the Florida Department of Environmental Protection, including whether there are significant erosion conditions associated with the shoreline of the Property being purchased. Florida law requires Seller to provide Buyer with an affidavit, or a survey meeting the requirements of Chapter 472 of the Florida Statutes, delineating the location of the CCCL on the Real Property at or prior to the Closing, unless Buyer waives this requirement in writing. This Property may be in the Coastal Building Zone ("CBZ") and therefore be subject to governmental regulation.

- Buyer waives the right to receive a CCCL affidavit or survey.
- Buyer requests a CCCL affidavit or survey within the time allowed to deliver evidence of title.
